She recovered her health in some degree during the year following, but she sustained such severe injuries, especially in her spine and left arm and shoulder, that she was almost helpless. Hoping a change of climate might be beneficial, the spring of the second year after her fall she went to tica. N. Y., to visit some relatives. While there she obtained and used some of your Magic Oil; it reheved her almost immediately, so much so that she came home very much improved in health and strength, and by the free use of the Magic Oil she is now enjoying better health than she has known for ten years, and has recovered entirely from her injuries.
